

Osceola County Purchase Assistance Program Guidelines

Purchase Assistance Program Objective

The Osceola County Down payment Assistance Program (DPA) is made available through the State Housing Initiatives Partnership Program (SHIP). The DPA program is for families earning 120% and below of the Area Median Income (AMI) for Osceola County and the City of Kissimmee. The amount of down payment assistance and closing costs will be limited to a maximum of \$30,000 based on income levels and need. Approved qualified applicants shall receive an amount up to the following maximum subsidies:

- Very low - \$30,000
- Low - \$20,000
- Moderate - \$10,000

The DPA program is administered by Osceola County Human Services (OCHS). Florida law requires that 30% of all funds received by the County annually be spent on families earning 50% of AMI and below (very low), and another 30% of the funds must be expended for family earning 50.01 – 80% of AMI (low income). Further, Florida law requires that 65% of all funds that a local government receives annually must be expended on activities that result in homeownership.

1. Eligibility

To be eligible for the Purchase Assistance Program applicants must first be eligible for a Federal Housing Administration (FHA), Veterans' Administration (VA), or conventional loans from a private lending institution with an annual percentage rate (APR) no more than 7%. There will be no seller financing. The applicant is required to obtain a maximum first mortgage with debt to income ratios not to exceed 30% front and 41% back end ratios. The front end ratio of 30% represents principle, interest, taxes, and insurance (PITI). However, on a case by case basis, Osceola County Manager or their designee may be able to approve applicants who meet certain requirements and these individuals may be approved for a front end ratio up to 35%. Exceptions will be based on compensating factors used by the lender. The total monthly back end ratio may not exceed 41%. To avoid over-subsidizing a buyer, the principal, interest, taxes and insurance (PITI) must be at least 25% of the buyer's qualified income. The amount of the DPA loan is strictly based upon need.

Approved by County Administration on 2/13/09
Revised October 2014
Revised July 2016

No adjustable rate mortgages (ARM's), balloon loans, or interest only loans are permitted. Private Mortgage Insurance (PMI) is not allowed unless required by the lender. Lenders' fees including the following may not exceed 2% of the loan application fee for appraisal, flood certification and credit reports, underwriting, administration and document preparation, construction fee (construction/permanent loans), and lender inspection fee (4 point inspection). Total of broker fees, loan discount fees or loan origination fees may not exceed 3% of the loan. Yield spreads and points are not allowed unless buying down the interest rate. Some applicants who have had a recent bankruptcy, or currently have substantial debt or poor credit history may be denied by the lending institution. Applicants should have (1) year satisfactory credit with no late payments within the current year. There shall be no outstanding unpaid judgments or collections. Outstanding debts may not be included in the 1st mortgage. Applicants with poor credit history will be encouraged to participate in additional budget and credit counseling. Sufficient income and good credit are essential in order for an applicant to qualify for a mortgage loan. Applicant must not have owned a home in the past three years. An exception would be for a displaced individual as defined in the Local Housing Assistance Plan (LHAP).

First mortgage loans must be at least a 15 year fixed term with a maximum term of 30 years. If an applicant is receiving subsidy from a bond program, the loan may have a fixed term up to 40 years. Property taxes and hazard insurance must be escrowed by the 1st mortgage lender.

The combined loan-to-value (CLTV) ratios for Down Payment and closing costs may not exceed 105% of the home's appraised value or sales price whichever is lower.

Applicants must be employed in the same profession or field for (1) year. Self-employed applicants must have been in business for (2) years. If not self-employed for at least (2) years, the income cannot be included by the lender for the loan. An exception that a lender may make is if the employee was in the same field for (1) year prior to becoming self-employed in that same field. For example, a person who worked in a landscaping company and then became self employed in the landscaping business.

Applicants must be legal residents, have a valid social security card, valid Florida state identification, and proof of Florida residency if requested.

Before an application can be submitted to Osceola County Human Services, an applicant must have completed a minimum of (8) hour Homebuyer Education Class provided by Osceola County Extension Services and have a pre-approval letter by a participating lender for the qualification of the loan. The pre-approval letter must be for the dollar amount the applicant qualifies for without SHIP funding.

There will no co-signors allowed. Only those applicants/co-applicants named on the SHIP application for assistance may be on the 1st mortgage loan.

A summary of the steps to DPA assistance are as follows:

1. Meet criteria of First Time Homebuyer
2. Obtain homebuyer education certificate from Osceola County Extension Services
3. Lender pre-approval letter
4. Verification that household income is within the SHIP program guidelines by Osceola County Human Services.
5. Award letter issued by Osceola County Human Services
6. Home selection through a purchase contract
7. Lender submits loan package to Osceola County Human Services (10) business days prior to the scheduled closing date
8. Package is reviewed by Osceola County Human Services. If repairs are necessary, they must be complete prior to the closing and written proof submitted to Osceola County Human Services). In some cases, cost of major repairs from the sellers' funds can be placed in escrow with the title company to be disbursed when the repairs are completed.
9. Approval of lenders' package and HUD 1 settlement statement by Osceola County Human Services.
10. Loan closing (1st closing will take place at Human Services, buyer will execute County lien documents and pick up assistance check. 2nd closing will take place at the title company).

2. Income Levels

All members of the household must be included in the income calculation, not just the borrowers. Minors under 18 do not have their earned income included. Foster children are not included in a household family size, and the income a family receives for their support is not included.

Household Income Levels

See Exhibit A (Income Guideline Chart)

3. Eligible Housing Units

Homes must be single-family, including town homes and condominiums, within Osceola County (mobile homes are not eligible). Modular homes that bear the Department of Community Affairs (DCA) seal are also eligible for purchase. Homes located within the City of Kissimmee limits are not eligible. Units assisted must not exceed the maximum sales price of \$200,000.

4. Borrower Contribution

The borrower must contribute a minimum for \$1,000 of his/her own funds to the purchase of the home. Cost of items paid outside of closing (POC) will be considered as part of the minimum borrower contribution required (i.e. appraisals, inspections, etc.).

5. Homebuyer Education

The borrower must complete the First Time Homebuyer Classes provided by Osceola County Extension Services. No other homebuyer courses are eligible.

6. Amount Borrowed

Osceola County's purchase assistance is available to fund the amount between the borrower's down payment and the first mortgage amount, and maintain ratios of 30/41%, subject to the limitations above.

The maximum down payment assistance amounts are as follows:

\$30,000	Very low income
\$20,000	Low income
\$10,000	Moderate income

7. Debt Ratio Computation – Housing Expense

When the lender calculates the borrower's PITI payment, anticipated real estate taxes must be used. The Osceola County Property Appraiser's office or website should be utilized to establish the amount of anticipated taxes. **The anticipated property taxes can be calculated by taking the appraised value of the home x mileage rate divided by 1,000.** Osceola County is interested in the provision and sustainability of affordable housing. If the real estate taxes increase by a large amount, the home may no longer be affordable to an applicant whose PITI is 30% of their monthly income.

8. Purchase Assistance Funding

Funds are committed by OCHS once it is determined the client meets SHIP program requirements. The commitment letter is valid for period of (120) days. The lender will be responsible for submitting a complete loan package to OCHS before the expiration of the (120) day period. Upon receipt of the loan package by OCHS, it will be reviewed by the Community Grants Program Specialist and a Supervisor. The review will consist of checking all documentation for accuracy and completeness.

If the package is complete and correct, OCHS staff will request a check for the approved down payment assistance. OCHS staff will contact the title company responsible for the loan closing and provide them with the subordinate mortgage and note and additional closing instructions. Within (24) hours of the loan closing, OCHS staff must receive the final HUD 1, transmittal summary or Mortgage Credit Analysis Worksheet (MCAW), and proof of homeowner's insurance. Homeowners' insurance must list Osceola County as an additional lien holder.

9. Recapture Provisions

SHIP funds are lent at a 0% interest rate for a term up to 15 years. Funding will only assist with down payment and closing costs. If the borrower converts the home to a rental unit, or if they vacate the home, or if the home is refinanced for cash out or a home equity line of credit is acquired, the down payment assistance amount will need to be repaid in full. No cash out or owner equity lines are permitted without repayment.

Becoming a Participating Lender

To become a participating lender with Osceola County, the lender must attend a lender workshop scheduled by Osceola County Human Services. The lender may be a participating lender with Florida Housing Finance Corporation (FHFC) and/or Orange County Housing Finance Authority and be certified to do bond loans. In the event Osceola County Human Services staff determines that a lender is submitting unscrupulous approval letters or predatory lending is suspected, that lender will be immediately removed from the participating lenders' list. The lender will be notified in writing of their removal. In order for the lender to participate with the SHIP program in the future, the lender will be required to undergo training by Florida Housing Finance Corporation (FHFC) and become a lender with FHFC and/or Orange County Housing Finance Authority.

10. Applications

Lender packages need to be submitted to OCHS at:

Osceola County Human Services/SHIP
330 N. Beaumont Avenue
Kissimmee, Florida 34741
407-742-8450

Cheryl.leonard@osceola.org or diane.dewalt@osceola.org

Faxes packages will not be accepted.

Lender Package Checklist

The lender package checklist was established to help summarize the items needed in every lender's package. This checklist is used to check off the required items that must be submitted (See Exhibit B).

11. Applicant Checklist

A checklist provided for the applicant is attached for your information. The checklist will inform the applicant as to what information will be needed to complete processing and approval (See Exhibit C).

12. Real Estate Contract

The lender must provide a copy of the applicant's executed sales contract. If the sales contract expires prior to approval of the lenders' package by OCHS, the lender and the applicant will be informed that an extension may be needed.

13. Appraisal

An appraisal from a licensed certified appraiser must be used. **Valuations by other real estate professionals are not allowed. The sales price of the home cannot exceed the appraised value of the home.**

14. Credit Reports

The credit report is not used for underwriting, however we will not fund any client whose housing expense ratio exceeds the ratios shown above in Section 6, and funding will be granted only to assist in obtaining a 30/41% ratio (note that the minimum housing expense ratio is 25%) A current credit report must be included in the lender's package.

15. Verification of Income and Assets

The Department of Housing and Urban Development (HUD) and the Florida Housing Finance Corporation (FHFC) mandate the verification process that Osceola County uses, deviations are not allowed.

- Using stated income is not allowed
- Every income and asset source for all persons in the home must be verified by a third party source
- All verifications must be less than 120 days old
- Benefit income is never "grossed up"

16. Determining whose income to count

Include all income of all household members age 18 and over

- The following incomes are not counted
 - a. Income of a live in aide (whether paid by the family or a social service program) a related person **cannot ever** be considered a live in aide
 - b. Income that is attributable to the care of foster children. Foster children are not counted as family members when determining size to determine the applicable income limits
 - c. Employment income of minors. Minors are individuals who are under the age of 18. Unearned income attributable to a minor (i.e. child support, DCF payments and other benefits paid on behalf of the minor **must be counted**).

- Family members living apart from the family also require special consideration:
 1. The income of temporarily absent family members is included in annual income regardless of the amount of income provided by the absent family member contributes to the household (Example: Spouse who works in Miami but sends money home to help with the household, the entire amount earned per week by the spouse is counted as income in the household).
 2. Adult students living away from home. If the adult student (18 years and older) is counted as a member of the household, this student's income must be counted along with other members of the household to determine eligibility (Example: A student who lives away from home but will spend the holidays at home while pursuing their education. The student's income up to \$480.00 is included in the household income. If the student is the head of household or spouse, all earnings are included when determining eligibility).
 3. Spouses or co-applicants who permanently live outside of the United States will not be eligible for assistance.

Income Inclusions

See Exhibit D

Income Exclusions

See Exhibit D

17. Calculating Income

OCHS is required to anticipate income for the next twelve months. OCHS will use current conditions, and information from income sources regarding anticipated raises, bonuses, overtime, benefit increase, and other relevant information. The lender should use the same method to anticipate annual income.

Example: A family member is working a 40 hour job at \$7.00 hour for 52 weeks a year. The income for the year would be $\$7.00 \times 2,080 \text{ hours} = \$14,560$ gross earnings. If the employer states that the applicant will receive a \$1.00 increase six months from now the income would be calculated: $\$7.00/\text{hr} \times 40 \text{ hours} \times 26 \text{ weeks} = \$7,280$ plus $\$8.00/\text{hour} \times 40 \text{ hours} \times 26 \text{ weeks} = \$8,320$ for a total annual income of \$15,600. This method should be used even if the income may not continue in the near future.

Approved by County Administration on 2/13/09

Revised October 2014

Revised July 2016

The exception to this rule is when documentation is provided that states that current circumstances are about to change.

18. Bank Accounts

1. Verification of deposit form signed by a bank representative
2. Six months of consecutive bank statement if the depository refuses to release information

19. Good Faith Estimate (GFE)

Lenders may not charge more than 5% of the mortgage amount for fees and charges. This includes broker fees, points, underwriting fees and other similar fees. OCHS will compare the HUD 1 with the closing costs estimated on the GFE.

20. Treatment of Assets

In general terms, an asset is ~~a~~ cash or non-cash item that can be converted to cash (real property, jewelry, gems, coin collections, paintings, antique cars, etc.). The actual interest earned on a savings account or interest bearing account is computed into the income, not the asset value.

Actual Income from Assets

In general the income included into annual household income is that generated by the asset (interest on an account). The income is included even if the household elects not to receive it. An example of this would be reinvestment of interest back into an account. Interest and dividend payments are still included as income.

Assets Valued at \$5,000 or more

Most assets have a straightforward calculation, but for others rules have been established to address situations in which assets produce little or no income. This assumes that a household with assets has better payment ability, even if its assets do not currently produce income. For example, land owed by a family that does not produce income. Instead of asking the family to dispose of the land, the rule requires that income be calculated based on an imputed interest rate that is applied to the cash value of all assets. The interest rate is established periodically by HUD and is currently 2%).

Assets to be considered/not considered

See Exhibit E

21. Income

Employment Income

- Written verification of employment from the employer
- If employment verification is unavailable, minimum 30-day period of pay stubs, showing employee's name and gross pay per period.

Self-Employment Income

- Accountants or bookkeepers statement of net income
- Audited financial statements of the business along with a notarized statement from the applicant giving the anticipated income for the next (12) months following certification.
- Most recent tax return with profit and loss statement (Schedule C)

Social Security, Pensions, Supplemental Security Income (SSI), Disability Income

- A benefit verification form completed by the agency providing the benefits (must be less than 3 months old).
- An award or benefit notification letter prepared and signed by the authorizing agency

Unemployment Compensation

- A verification form completed by the unemployment compensation agency
- Records from the Unemployment office stating payment dates and amounts

Alimony or Child Support Payments

- A printout from the court or governmental agency through which payments are being made and received by the applicant
- A notarized letter from the person paying support
- A copy of a separation or settlement agreement or a divorce decree stating the amount and type of support payment schedule

Recurring Contributions and Gifts

- Notarized statement or affidavit signed by the person providing the assistance giving purpose, dates, and value of gifts
- A letter from a bank, attorney, or a trustee providing required verification

Scholarships, Grants, and Veterans Administration Benefits for Education

- All forms of financial assistance (grants, scholarships, educational entitlements, work study programs, and financial aid packages) are excluded from annual

Approved by County Administration on 2/13/09

Revised October 2014

Revised July 2016

income. This is true whether the assistance is paid to the student or directly to the educational institution.

Unemployed Applicants

- The income of an unemployed applicant or family member that receives regular income from sources, such as Unemployment Compensation, Social Security, Pension, disability payments, recurring gifts, etc., must be verified as covered previously.
- If the applicant or family member is currently unemployed and claiming zero income, he/she must provide evidence of that by executing an Affidavit of Unemployment

Closing Process

- When OCHS approves the lenders' package, a check request is sent to the Osceola County Finance Department. The check will be made payable to the title company and the borrower. Lender's packages must be received at Osceola County Human Services (10) business days prior to the closing.
- The borrower must have homeowners insurance on the property. Proof of insurance must be provided 24 hours prior to the closing. Osceola County Human Services must be shown as a loss payee on the insurance policy as follows:
Osceola County Human Services
330 N. Beaumont Avenue
Kissimmee, Florida 34741
- All homeowners with homes located in a designated flood zone must obtain and maintain a flood insurance policy for the term of the loan
- Final HUD 1 must be received by Osceola County Human Services staff 24 hours prior to the closing. Osceola County Human Services reviews the HUD 1, and if correct the Housing Specialist will give the final approval of loan closing. Subordinate mortgage and note will be forwarded over to the closing agent.
- The day of the closing the borrower will meet at Osceola County Human Services to complete final SHIP paperwork and review subordination documents. Borrower will be required to execute a Loan Subordination Policy Form, indicating that they read and understand the County's loan subordination policy. The check will be released to the borrower at that time. Housing Specialist will accompany borrower to the closing at the title company.
- Title Company must provide a final closing package to Osceola County Human Services. This must include the Osceola County executed original recorded mortgage and note, and a copy of the executed HUD 1.
