

# LAKE TOHO RESTORATION POND TRAIL & BILL JOHNSTON PARK DESIGN

## PROJECT AREA MAP

### Project Description:

Osceola County is currently designing a trail loop that connects Downtown Kissimmee and the improvements on Lakeshore Boulevard with the improvements on the emerging NeoCity. The loop is formed by connecting existing paths on Neptune Road, Lawrence Silas Boulevard, and Oak Street via a new trail on the edge of the pond constructed adjacent to NeoCity. Plans include new and enhanced landscaping, amenities, wayfinding, and a new lookout at Bill Johnston Park. All pedestrian facilities will be fully compliant with the American with Disabilities Act.
