

# Deferred Truss Submittal Form

(multiple addresses)

Subdivision Name: \_\_\_\_\_

Architect/Engineer of Record: \_\_\_\_\_

License Number: \_\_\_\_\_

Permit Number: \_\_\_\_\_

---

Project Address(es):

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

## Statement of Acknowledgement and Certification

I, the undersigned, hereby certify the following regarding the differed truss submittal for the project identified above:

1. I have reviewed the truss design and layout for the above-referenced structure.
2. I have considered all forces that the truss system may transfer to the structure.
3. My structural design has accounted for these forces, including the truss connectors (location and size).
4. I approve the installation of the foundation, slab, and structural walls prior to the completion and submittal of the final truss engineering.
5. I acknowledge that the construction is proceeding at the owner's and contractor's own risk until final truss engineering is submitted, reviewed, and approved by the Osceola County Building Department.

Signature & Seal

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

## Note:

The permit will be locked after the lintel inspection until the final truss engineering is submitted and approved for code compliance.
