RE: Appointment to the Osceola County Local Mitigation Strategy Working Group

Dear Mr. Hinson,

Osceola Engineering, Inc would like to appoint John Porter, P.E. CFM to serve as the primary representative to the Osceola County Local Mitigation Strategy Working Group, and for Broc Althafer, P.E. to serve as the alternate representative. It is my feeling that these individuals will serve the Working Group and our jurisdiction/department well.

The representatives understand that as members of the LMS Working Group, they will be responsible for working with others in developing and revising the LMS Plan, coordinating mitigation actions within the County, setting the priority level for local mitigation projects, and contributing to the annual update process.

Sincerely,

John E. Moody, P.E.
President
