Osceola County Local Mitigation Strategy Project Scoring Worksheet

| Project Title: Magnolia Bridge Replacement | | | | |
|--|-------------------------|--------------|--|--|
| Agency: Osceola County | Date: February 10, 2022 | Score: 31.93 | | |

The LMS Project Scoring Worksheet was developed by the Project Prioritization Subcommittee using the STAPLEE (Social, Technical, Administrative, Political, Legal, Economic, and Environmental) framework, which has been established as a best practice in hazard mitigation. Following this framework ensures that a thorough evaluation of each project is completed before it is submitted for funding and all potential impacts are taken into consideration. The Project Scoring Worksheet is designed to assist the LMS Working Group with project prioritization by ensuring that projects meet minimum eligibility requirements and by providing a reference score derived from an analysis based on the established criteria. The score is to serve only as a reference for the LMS Working Group when prioritizing projects, and alone does not determine project eligibility or prioritization.

| Category | Description | Score |
|---|---|-------|
| Hazards addressed | 2 – Addresses 2 or more hazards | |
| | 0 – Addresses 1 hazard | 0 |
| Benefit to community | 4 – Hazard Reduction | |
| | 3 – Preparedness Against Hazard | |
| | 2 – Mapping and Regulatory | 4 |
| | 1 - Public Information | |
| Scope of Benefits | 1 – Project serves 2 or more jurisdictions | 0 |
| scope of Benefits | 0 – Project does not serve multiple jurisdictions | 0 |
| | 4 – This project could affect over 250,000 people and/or major portions | |
| Population benefited | of the county population | |
| | 3 – This project could affect between 50,000 and 250,000 people | 1 |
| | 2 – This project could affect between 1,000 and 50,000 people | |
| | 1 – This project could affect less than 1,000 people | |
| Benefit to critical facilities | 2 – Project benefits a critical facility | |
| Benefit to critical facilities | 0 – Project does not benefit a critical facility | 0 |
| Described and the second | 2 – Project benefits critical infrastructure | _ |
| Benefit to critical infrastructure | 0 – Project does not benefit critical infrastructure | 2 |
| | This category is scored using the Social Vulnerability Index (SVI) | 4.00 |
| Social Vulnerability Index of community benefited | provided with the FEMA National Risk Index. (Score = (SVI/100) *6) | 1.93 |
| Discontinue to actablish advanish bash and a said | 4 – No disruption | |
| Disruption to established neighborhoods and/or | 2 – Minimal disruption | 4 |
| population groups after completion | 0 – Maximal disruption | |
| | 4 - Ready for construction | |
| | 3 - Preliminary assessment | |
| Project Status | 2 - Design | 2 |
| | 1 - Study | |
| | 0 - Conceptual | |
| Repetitive Loss Mitigation | 4 – Alleviates severe verified repetitive loss. | |
| | 2 – Loss may have occurred but was not formally documented | 0 |
| | 0 – No effect on repetitive loss | |
| Lifespan of mitigation measure | 4 - High - Expected to last/address hazards for 40 or more years | |
| | 2 - Medium - Expected to last/address hazards for 20-39 years | 4 |
| | 0 - Low – Expected to last/address hazards for less than 20 years | |
| Community Rating System | 1 – Project supports CRS elements | 0 |
| | 0 – Project does not support CRS elements | 0 |

Osceola County Local Mitigation Strategy Project Scoring Worksheet

| Total | | 31.93 |
|--|---|-------|
| Project benefit to floodway/floodplains | 2 - Project benefits publicized floodway 0 - No impact on floodplains | 0 |
| | Requires a public vote Requires a public hearing 4 - Project benefits publicized floodway | |
| Complexity/Technical Feasibility | Factors for complexity: • Time involved for planning and/or completion • Involves coordination of numerous agencies and/or jurisdictions • Permitting (Type of permitting required or the time period involved) • Difficulty in obtaining funding | 2 |
| | 4 - Relatively easy to complete in a short period of time 3 - Not very complex based on the items listed below 2 - Somewhat complex due to one of the items listed below 1 - Complex due to two of the items listed below 0 - Complex project due to three or more items listed below | |
| Funding Availability / Probability of Funding | 6 – Funding is secured/budget line item 3 – Funding sources are available 0 – No funding sources can be identified | 3 |
| Benefit Cost Analysis | 6 – Benefit cost analysis is greater than 1.5 3 – Benefit cost analysis is 1.0 – 1.5 0 – Benefit cost analysis is less than 1.0 | 6 |
| Regulatory Compliance | 1 – No compliance issues0 – Project demonstrates issues with regulatory compliance | 1 |
| Political support/local champion/public support | 1 – Project demonstrates documentation of support from an organization other than the submitting agency 0 – Project does not demonstrate support from an organization other than the submitting agency | 0 |
| Consistency with other guiding documents and plans | 0 – Project shows consistency with LMS but no additional plans (Examples:Comprehensive Plan, Floodplain Management Plan, etcetera) | 1 |
| | 2 – Project shows consistency with 2 or more plans 1 – Project shows consistency with 1 other plan | |

This score was determined by a thorough review conducted by the Project Prioritization Subcommittee. All members of the Subcommittee were afforded the opportunity to provide their input and the score is representative of their consensus.
